## COURSE OF STUDY.

ADOPTED BY BOARD OF PRINCIPALS AND APPROVED BY STATE SUPERINTENDENT.

### Elementary Course.

PREPARATORY OR SUB-JUNIOR YEAR.

**1st Term.**—Practical Arithmetic, English Grammar, Mental Arithmetic, Orthography, Reading, Penmanship.

**2nd Term.**—Practical Arithmetic, Mental Arithmetic, English Grammar, Orthography, Reading, Geography, Penmanship.

**3rd Term.**—Practical Arithmetic, (completed,) Mental Arithmetic, (completed,) English Grammar, Orthography, Reading, Geography, (completed,) Elementary Algebra, (commenced,) Penmanship, Review of studies of the year.

### *Junior Year.*

**1st Term.**—Elementary Algebra, (A—Division at Simple Equations. B—Division begin the book,) English Grammar, Thompson's Seasons, Higher Arithmetic, Drawing, Book Keeping, School Economy, Reading, Penmanship.

**2nd Term.**—U. S. History, Elementary Algebra, Higher Arithmetic, (completed by A Division,) English Grammar, Milton's Paradise Lost, School Economy, Reading, Penmanship.

**3rd Term.**—Botany, History U. S., (completed,) Drawing, Methods of Instruction, English Grammar, Higher Arithmetic, (completed by B division,) Elementary Algebra, (completed,) Penmanship, Review of studies of the year.

### *Senior Year.*

**1st Term.**—Geometry, Natural Philosophy, Physical Geography, Etymology, Mental Philosophy.

**2nd Term.**—Mental Philosophy, (completed,) Physiology, (completed,) Rhetoric, (commenced,) Geometry, (completed,) Natural Philosophy, (completed.)

**3rd Term.**—Rhetoric, (completed,) Higher English Grammar, Civil Government, Reviews, Constitution of United States.

Daily exercises in Vocal Music during the entire course.

## Scientific Course.

### *Junior Year.*

**1st Term.**—University Algebra, Zoology, Geology, Logic, Latin Reader.

**2nd Term.**—University Algebra, Surveying, Chemistry, General History, Latin Reader.

**3rd Term.**—Astronomy, Chemistry, General History, University Algebra, (completed,) Review of studies of the year. Latin Reader.

### *Senior Year.*

**1st Term.**—Analytical Geometry, English Literature, Natural Philosophy, Cæsar.

**2nd Term.**—Differential Calculus, Mental Philosophy, Natural Philosophy, Cæsar.

**3rd Term.**—Integral Calculus, Mental Philosophy, Natural Philosophy, Reviews.

## Classical Course.

This Course is designed to prepare Teachers for Classical High Schools. The branches studied are the same as those of the Elementary and Scientific Courses, together with the usual amount of Latin and Greek reading required in Colleges. To complete it, it will require two years in addition to the time required for the Scientific Course. Those who prefer it, may substitute the French and German Languages for an equivalent amount of Latin and Greek Reading.

## CLASSES.

Classes are formed in the school outside the regular course somewhat according to the wants of the students; but classes beginning with the school year, usually continue from one term to another without change.

It is very desirable to form all classes in the languages the first term of the school year, and that those commencing any language should continue at least one year.

## MISCELLANEOUS.

**THESIS.**—In each course a thesis must be written upon some educational subject.

SUBSTITUTIONS.—Ladies may be permitted to substitute for Spherical Trigonometry, Analytical Geometry, Calculus and the Mathematical parts of Natural Philosophy and Astronomy, an equivalent amount of Latin, French or German.

AT EXAMINATION, a paper stating that the candidates have completed the course of study for Normal Schools; have taught the required time in the Model School, and have been examined and approved by the faculty, shall be presented to the Board of Examiners.

RECOMMENDATIONS.—The pupils of the Normal School are recommended to study the Latin, French and especially the German Language, as far as practicable.

Pupils, to graduate in a Normal School, must attend at least twenty-one weeks.

Pupils applying for a diploma in any course, must be examined in all the studies of that course.

When a pupil is sick and unable to attend the examination, a paper signed by the Faculty and presented to the Board of Examiners, stating that the standing of such pupil is above the average standing of the class, shall be considered satisfactory evidence of the pupil's qualification for a diploma.

Papers for second diplomas must be presented to the Board of Examiners at their regular session.

### *EXAMINATIONS.*

Term examinations occur the last two days of every Term.

The examinations for graduation are conducted by the Faculty of the School, and by a Board of Examiners.

The Faculty first examine the candidates, and if found qualified, they refer them to the Board.

The State Superintendent, who is President of the Board, two Principals of State Normal Schools and two County Superintendents of Fifth District, constitute the Board of Examiners.

The Final examination of Graduating Class occurs about two weeks before Commencement; the date is fixed by State Superintendent.

## DIPLOMAS.

A student graduating in the Elementary Course, will receive a diploma, in which will be named the branches he has studied, and by which he will be constituted BACHELOR OF THE ELEMENTS; the diplomas of those graduating in the Scientific and Classical Courses, will enumerate the distinctive branches of these Courses, and constitute their holders, respectively, BACHELOR OF THE SCIENCES, and BACHELOR OF THE CLASSICS.

Regular graduates who have continued their studies for *two years*, and who have practiced their profession during *two full annual terms*\* in the Common Schools of the State, and who have presented to the Faculty and Board of Examiners, a certificate of good moral character and skill in the Art of Teaching from the Board or Boards of Directors in whose employ they taught, countersigned by the proper County Superintendent, may receive second diplomas, constituting them MASTERS in the several studies embraced in the Course in which they graduated, and conferring upon them corresponding professional degrees, as follows :

### **Teachers of Elementary Didactics.**

### **Teachers of Scientific Didactics.**

### **Teachers of Classical Didactics.**

The Normal School law makes it the duty of the authorities of the Normal Schools to grant Diplomas or State Certificates to actual teachers in Common Schools, without their having attended the Normal Schools as students. The following are the conditions upon which these Diplomas will be granted :

1. Each applicant must be 21 years of age, of good moral character, and have taught successfully during three consecutive terms in a common school, or in common schools in this State; the proof of age to be the declaration on honor of the applicant, and of moral character, and the satisfactory discharge of the requisite terms of teaching, a certificate from the proper Board or Boards of Directors, signed by the President and Secretary, and countersigned by the proper County Superintendent or Superintendents.

2. The examinations to be in the Elementary, Scientific, or Classical Course, as the applicant may select, according to the list of studies as printed in the circulars of the State Normal

\*An annual Term must be at least *five months*.

Schools, and approved by the Superintendent of Common Schools, or in such other studies as may by the Board of Examiners be deemed equivalent.

3. Any person obtaining a certificate in the Elementary or Scientific Course, may, at the next or any succeeding annual examination, be examined for the higher course, and obtain the proper certificate.

4. Each applicant to prepare and present to the Board of Examiners an original thesis on some professional subject, of not less than six folio pages of manuscript, to be retained at the school where the examination takes place.

5. The examination and certificate to be without expense to the applicant, and the certificate to be full evidence of qualification to teach the branches therein named, in any part of the State, without further examination.

6. Practical teachers attending examinations at State Normal Schools, for the purpose of procuring State Certificates, should be examined separately from the regular students, and both the Board of Examiners and the Faculty of the School at which the examination is held, should take part in the examination, all being required to sign the certificate.

All the Diplomas are authorized and furnished by the State, and exempt those who hold them from any further examination by authorities acting under the provisions of our Common School laws.

### *APPLICATION FOR TEACHERS.*

Many Principals of Academies and Seminaries, and Directors of Common Schools apply to us for Teachers. We are always glad when we can answer such requests by furnishing good teachers, but we are better able to do so near the close of each term. Our friends must not suppose, however, that *all* persons who attend our school three to six months, are made good teachers.

*We hold ourselves responsible only for graduates.*

### *TEXT BOOKS.*

MATHEMATICS.—Robinson's Series; Greenleaf's Geometry; Davies' Surveying.

LANGUAGE.—*Latin*: Harkness' Grammar and Reader; Chase & Stuart's Classical Series. *Greek*: Hadley's Grammar; Borse's Anabasis; Crosby's Greek Lessons. *German*: Woodbury's Reader; Wilhelm Tell; Goethe's Works. *French*: Fasnuelle's French Course, Reader, Cerium, Piccola. *English*: Webster's Dictionaries; Parker & Watson's Readers, Kerl's Grammar; Thomas' Etymology; Quackenbos' Rhetoric; Copee's Logic; Shaw's English Literature.

NATURAL SCIENCE.—Kiddle's Astronomy; Wells & Olmstead's (Snell's ed.) Natural Philosophy; Well's Geology; Gray's Botany; Hitchcock's Physiology; Youman's Chemistry; Agassiz's Zoology.

HISTORY.—Barnes' United States; Weber's General History; Townsend's Civil Government.

GEOGRAPHY.—Warren's and Mitchell's.

METAPHYSICS.—Upham's Mental Philosophy; Wayland's Moral Philosophy.

THEORY OF TEACHING.—Wickersham's School Economy and Methods of Instruction; Page's Theory of Teaching.

ARTS.—Spencerian Penmanship; Bryant & Stratton's Book-keeping; Bartholomew's Drawing.

## Terms.

The Normal School Year is divided into three Terms, fourteen weeks each.

## Expenses.

Tuition in all branches, including Book-Keeping, Drawing, Penmanship, and Vocal Music, and Boarding, including fuel, oil, room-rent, and washing (12 plain pieces) \$67.00 per term, or \$201.00 per year. First payment, \$40, to be made first day of the term; second payment, \$27, to be made at the middle of the term.

Tuition, without boarding, including all branches as above, \$12 per term, or \$36 per year. First payment, \$8, to be made first day of the term; second payment, \$4, to be made at the middle of the term.

## State Appropriations,

**From \$21 to \$92 per School Year, to Students and Graduates.**

By a recent Act of the Legislature, the following appropriations are made by the State to Normal Students and Graduates :

1. Each student over *seventeen years* of age, who shall *sign a paper* declaring his *intention* to teach in the Common Schools of the State, shall receive the sum of FIFTY CENTS *per week* towards defraying the expenses of tuition and boarding.
2. Each student over *seventeen years* of age, who was *disabled in the military or naval service* of the United States, or of Pennsylvania, or whose *father lost his life* in said service, and who shall sign an agreement as above, shall receive the sum of ONE DOLLAR per week.
3. Each student who, *upon graduating*, shall sign an agreement to teach in the Common Schools of the State *two full School years*, shall receive the sum of FIFTY DOLLARS.
4. Any student to secure these benefits, must attend the School at least twelve consecutive weeks. These benefits are to be deducted from regular expenses of board and tuition.

Students' rooms are furnished with stoves, chairs, tables, stands, pails, bedsteads, mattresses, pillows, and one comfortable.

Students boarding in the Normal Building furnish their lamps, mirrors, wash-bowls and pitchers, napkins, towels, pillow slips, sheets and one comfortable, *which, together with all clothing, should be distinctly marked with the full name.*

All bills (except music, which is settled with the Professor of the department,) must be settled with the PRINCIPAL, who acts in behalf of the Trustees, to whom all applications for rooms or admission to the school should be made.

## Government.

The government of the school is based upon the principle, "*Do right because it is right.*"

Special efforts are made to secure obedience to regulations by the cultivation among our pupils of a *high sense of honor.*

The positive regulations adopted are based upon the following principles:

1st. No student should be allowed to trespass upon the rights and privileges of another.

2d. Privileges that all cannot enjoy, should be granted to none.

It is taken for granted that every student who enters the school is disposed to do right, and to obey the particular regulations of the school, and implicit trust is placed in his sense of honor and propriety.

If pupils are not doing well, either through indolence, negligence or otherwise, their parents or guardians will be informed of it.

If this does not secure attention to duties, a request will be made for their withdrawal, or they will be removed by the authorities of the school.

Parents and guardians are earnestly requested not to send us persons who have contracted bad habits, as the safety of others will demand their dismissal.

Every care is taken to remove temptation to wrong doing, but upon the discovery that a student *cannot be trusted*, he will be removed from school.

### Visitors.

Calls on the pupils at other times than during the hours of recreation, seriously interfere with the objects they have in view, and therefore will not be allowed except in case of necessity.

Persons desiring to visit the school are cordially invited to do so at any time, and especially on Wednesday afternoon of each week.

### Normal Literary and Athenæan Societies.

These are Literary Societies composed of students of the Normal School. They have small but select libraries. Literary exercises are held weekly, and each society gives an annual entertainment.

*Normal Literary.*

ORGANIZED 1864. CHARTERED 1867.

## OFFICERS.

President—F. M. SMITH.  
 Vice-Prest.—ALONZO AMERMAN.  
 Secretary—ESTELLA G. COOK.

Treasurer—C. B. McKEAN.  
 Librarian—FLORENCE S. GRAY.  
 Cor. Sec'y—D. T. BREWSTER.

*Athenæan.*

ORGANIZED JANUARY 19, 1869.

## OFFICERS.

Prest.—W. S. CLAWATER,  
 Vice Prest.—E. L. SHAW.  
 Sec'y.—B. W. BAKER.

Treas'r.—H. F. BODINE.  
 Librarian.—W. C. STONE.

## Location.

Mansfield is a village situated on the Tioga Railroad, thirty-one miles from Corning, N. Y., and ten miles from Blossburg, and on the Troy and Wellsboro Stage Line, sixteen miles from Troy and twelve miles from Wellsboro. The population of the place is about 1,000; and by a special act of Legislature, no intoxicating liquors can be sold within a radius of two miles of the State Normal School Buildings.

Students coming via the *Northern Central R. R.* or *Lehigh Valley R. R.*, change cars at *Elmira, N. Y.*, and at *Corning, N. Y.*; those residing on the *Erie R. R.* change cars at *Corning, N. Y.* Students coming via *Northern Central R. R.* can come by stage from Troy.

## Buildings and Fixtures.

The building is of brick, one hundred and fifty feet in length by fifty feet in width. The main building is five, and the wings four stories high, including the story of sky-lights. The rooms for students are large, with extra height of ceiling.

The cost of the buildings and grounds is about thirty-six thousand dollars.

The boarding hall is so arranged that students are grouped in families of ten or twelve at the tables. This grouping is made with distinct reference to the cultivation of social habits, and the rules and usages of good society. Each table has an equal number of each sex alternately seated around it. By

this arrangement, very many of those rude and unrefined habits so often met with in boarding halls are done away with.

As in the home circle, the association of brother and sister is beneficial, so in the school room the co-education of ladies and gentlemen is deemed equally beneficial ; and we have invariably found, that the good sense of both, when under proper restraint and regulation, has developed a social intercourse which has been productive of a greater growth in mental and moral culture.

The four churches of the place furnish opportunities for religious worship on the Sabbath, and each student is required to attend some place of worship at least once on the Sabbath, unless for *special* reasons he may be excused. Among the other religious privileges of the school, are the Sabbath Morning Bible Classes and Sabbath Evening Prayer Meeting. Students are cordially invited to attend them.

### Appropriation.

The Legislature during its past session, made an appropriation of \$10,000 to the State Normal School, Fifth District. This will enable the Trustees to put the buildings in good condition. Thorough repairs are to be made before the opening of the Fall Term in September, 1872.

# STATE NORMAL MUSICAL ACADEMY.

MANSFIELD, PA.

D. C. JEWETT, PRINCIPAL.

Each department will be supplied with thoroughly qualified teachers. None will be employed except they are able to pass a critical examination in the department they fill.

## CALENDAR.

*School Year 1872-73.*

**1872.**

September 4, Wednesday—First Term begins.  
December 6, Friday—First Term ends.  
December 9, Monday—Second Term begins.

**1873.**

March 14, Friday—Second Term ends.  
March 26, Wednesday—Third Term begins.  
June 26, Thursday—Third Term ends.

Monday, Tuesday, Wednesday and Thursday, June 23d, 24th, 25th and 26th, will be devoted to examination of classes and Commencement Exercises.

# CATALOGUE OF STUDENTS

FOR THE YEAR ENDING JUNE 20, 1872.

## GENTLEMEN.

| NAMES.                  | TOWNS.           | COUNTIES.     |

## State Normal Musical Academy.

The object of this institution is to impart to the student a thorough musical education. It has become an established fact, that those who understand only one department of music, are recognized among musicians, only as a student in literature would be who had pursued but one study in the course marked out in our institutions of learning. Necessity requires, therefore, that regular musical institutions be established, where an education in the science can be obtained, without subjecting the student to the enormous expense which is incurred by the old system of taking lessons, and where results can be accomplished, which experience has taught never can be in any other way.

Many institutions claiming the name of musical schools, or academies, really do not deviate from the old, stereotyped course; and every country village, to a greater or less degree, can have the same advantages that can be obtained in those institutions.

Experience proved that something more was demanded: and this necessity has led to the building up of a regular school system, in which the student has the advantage of pursuing any or all the studies, which combine to make a perfectly edu-

cated musician. Each study is taken up in a perfectly systematic manner, and the details constructed with a view of blending each with the other, giving solidity of thought, expansion to the mind, and an enlarged and symmetrical understanding.

It, therefore, becomes as profitable to the student, for purposes of mental culture and development, as the same length of time in literary institutions of the same grade, thus forming a part of their *real* education.

A definite standard is established by the different courses, as to the extent of musical excellence, and by it a more complete education is gained at a much less expense, and in a much shorter time, than was ever supposed possible by any other means.

It places the professional musician on a level with members of other professions, and gives the proper standard to a science of unbounded beauty and worth.

### *Advantages in the Different Departments.*

THE VOCAL DEPARTMENT embraces everything pertaining to voice culture, or vocal music, both sacred and secular, as applied to solo or chorus practice, from the usual popular styles to the classical works of our greatest masters.

THE THEORETICAL DEPARTMENT includes Notation, Thorough-bass, Harmony and Musical Composition.

THE INSTRUMENTAL DEPARTMENT includes every instrument in general use, in Church, Parlor, Orchestra or Brass Band.

THE AESTHETICAL DEPARTMENT is one to which all others become subservient, and without which no one is able to acquire a proper taste and style, as it quickens the musical perceptions and develops the faculties in such a manner that they become susceptible to the beautiful effects which may be produced by the resources obtained from instrument, voice or composition.

### *Teachers' Class.*

A special feature of the institution, will be the formation of a class for the purpose of imparting the true principles of teaching. The necessity of a systematic course of musical in-

struction has long been felt, and those who are preparing for Teachers, cannot fail to appreciate this opportunity.

### *Explanation of Studies.*

NOTATION implies the study of all the characters that are used to represent musical sounds as applied to any instrument, or in vocal music.

VOICE CULTURE.—This study implies the formation and delivery of the human voice, its proper management as applied to music of all grades and styles, either in solo or chorus.

THOROBASE teaches the formation of chords, and the ability to recognize them, either by score or from figures, also, to play them.

HARMONY involves the construction of chords, and the laws that govern their progression; also, the manner in which they are applied in writing chords, or any music in regular parts.

COMPOSITION teaches the construction of various forms of melody, and gives a proper formation to the conceptions of the mind, as applied in producing desired effects of different chords, or management of harmony, in giving correct expression to the sentiments of poetry.

### *Courses.*

It will be left for students to decide what branches of music are desirable for them to pursue. Any one instrument, voice culture, or theory, taken singly, will be considered as a study, and may be taken at first principles, and pursued to any degree of perfection.

A full course will consist of at least three studies taken together. It is desirable for students to pursue a full course, as it involves the studies which are indispensable to those who wish to complete a musical education. The studies can be so arranged that neither interferes with the other, and the progress in each is fully equal to the same taken singly. Different faculties being employed in the pursuit of each study, a healthy and well balanced musical education is thereby developed.—Students desiring to divide their time between literary and musical studies, can have superior advantages, as the music

rooms are adjacent to the building of the State Normal School, where all branches pertaining to a liberal education are taught.

There will be a short course arranged for those desiring to teach singing schools, or hold conventions, called Jewett's Convention Course, which will impart to the student a knowledge of the manner of conducting Musical Conventions, upon a plan which has proved successful beyond all others. It is original with the Principal, and has been used by him for a long time, and others who have received his instruction.

### *Graduating Course.*

Students who wish to graduate in music, must complete as least three principal studies. In each of these they must pass through regular examinations in all the classes, from the primary to the finishing up of each course. The studies must consist of—1st, Theoretical Course; 2d, some one instrument, (usually Piano or Organ); and 3d, Vocal Course.

Diplomas will be awarded to those only who have been a member of the Teachers' Class at least one term.

### *Certificates.*

Students wishing to discontinue their studies at any time, can have a Certificate setting forth their qualifications at that time, whatever may be the degree of advancement which they have made.

### *Chorus, Brass Band and Orchestra.*

No one can claim to be a thoroughly qualified musician without having been a member of some organization that involves the appreciation of harmony as applied to different instruments or voices. For instrumentalists, the brass band and orchestra, and for vocalists, chorus practice, are the means by which this is developed. Such organizations were formed during the spring term of 1872, and will hereafter be considered indispensable to the institution.

### *Plan of Instruction.*

The standard of excellence will not depend upon the num-

ber of books, or exercises, passed over by the student, but the number of principles which are thoroughly mastered, using books only as a guide to those principles. Instruction will be given four days in each week, and students taking a full course will be allowed the free use of instruments, four hours each day, and two hours to those pursuing only one study, and others in proportion.

### *Building and Fixtures.*

During the summer vacation the building will be repaired, and its capacity increased to an extent sufficient to accommodate a much larger number of students than ever before. It will be arranged with reception room, office, reading room, practicing rooms, and a convenient hall for the accommodation of chorus practice, or any school purposes. It will be newly furnished with pianos, organs, brass and string instruments; in fact, everything that can in any way aid students in the pursuit of their studies. The reading room will be furnished with the leading musical journals and other matters of interest to musical students. The State Normal School building has a chapel capable of accommodating several hundred people, which has been engaged for all public gatherings.

### *Board.*

Arrangements have been made that a certain number of students can board in the Norman School building, at the same rates paid by the regular students of that institution, which is \$55.00 per term, including heat, light, room rent and washing. Rooms are furnished with stoves, chairs, tables, stands, pail, bedsteads, mattresses, pillows, and one comfortable. Students boarding in the Normal building furnish everything for their rooms except the above mentioned articles.

Board in private families can be procured by special arrangement. Rooms can be rented near the institution where students can board themselves if they desire to do so.

### *Location.*

See Normal School circular.

*RATES OF TUITION.*

|                       |         |
|-----------------------|---------|
| Full Course—one year, | \$30.00 |
| “ “ two terms,        | 60.00   |
| “ “ one term,         | 30.00   |
| Two Studies—one year, | 72.00   |
| “ “ two terms,        | 48.00   |
| “ “ one term,         | 24.00   |
| One Study—one year,   | 42.00   |
| “ “ two terms,        | 28.00   |
| “ “ one term,         | 14.00   |

Chorus Class free to all students attending Normal School, (by special arrangement.) To those not attending school, \$3.00 per term.

Students taking a full course will be entitled to Teachers' Class and one extra study, free of charge, provided they are well up with their classes, and their time and strength permit.

*Qualifications for Admission.*

No previous study is necessary in order to enable the students to become members of this institution. If they enter as beginners, they have a regularly graded course of studies through all the departments; or, if they have made any degree of proficiency, they can commence wherever their previous studies have left them.

*REGULATIONS.*

Students entering are required to record their names, age, place of residence, the studies they wish to pursue, and the time for which they enter, in the school register.

The tuition must be paid each half term in advance. No deduction will be made except the student is compelled to leave from sickness or some unavoidable cause, in which case the money will be refunded pro rata.

Like all institutions of learning, it becomes necessary to have certain rules by which students shall be governed. Experience has proved that a few, properly adhered to, produce better results than many, which are often broken; therefore, great care has been taken that every one is made with special reference to the welfare of students, not only in promoting their happiness, but that they may have every opportunity for improvement.
